Did you know that KM4B uses Charms?

What is Charms?

Charms Office Assistant is a web based database and tool for managing information, communications and documents. Your band boosters purchased a subscription to Charms for the band directors and band booster leaders to use to communicate important information to the band members and their parents.

What information can I get to in Charms?

The latest **band calendar** is posted, along with **important documents** including music. There is also a link to the band directors' email addresses, the KM4B web site and the volunteer sign up utility.

How do I log into Charms?

Go to www.charmsoffice.com. Go to the "parents/students/members" area and enter "Kingwoodhsb". On the next screen enter your child's school ID# (the one on their report cards) to enter the system. The system will prompt you to change your password after the first login.
